

Wood Furniture Coating VOC RACT Emissions Averaging Notification

under s. NR 422.125, Wis. Adm. Code

(Use of this form to provide the required information is optional)

Submittal of the information identified on this form is required for wood furniture manufacturers electing to use emissions averaging to achieve compliance with Wisconsin's wood furniture coating regulation as allowed under s. NR 422.125, Wis. Adm. Code. Existing sources exercising this compliance option must provide this information to the Department by July 1, 1996. Personally identifiable information on this form will be used to ensure regulatory compliance. In addition, this information must be submitted to the Department at time of start-up of a new finishing operation (a permit may be required before construction begins). Wood furniture manufacturing facilities must also submit an Initial Compliance Certification to the Department by November 1, 1996. If you have questions about the reporting requirements, call Jim Crawford (Green Bay area) at 414-492-5794, Ashok Singh (Milwaukee area) at 414-263-8715, or Robert Eckdale (central office) at 608-266-2856.

- This form serves to notify the Department of Natural Resources that emissions averaging as allowed under s. NR 422.125(3)(a), Wis. Adm. Code, will be used to demonstrate compliance for wood furniture coating operations located at:

Name of business: _____

Address where wood furniture coating occurs: _____

City, State and Zip code: _____

- Please list the name or identification number of each coating which will be used in the emissions averaging, and the coating line (or lines) on which it will be applied.

Name or ID Number of Coating	Coating Line or Lines Where Applied

(Attach Additional sheets as necessary)

- For those coatings to be used in the emissions averaging, attach a description of the method you will use to measure or calculate the pounds of solids or gallons of finishing material applied each day.
- Attach an example of the format you will use to maintain the required records.
